- Training will occur on 1st shift

Full Job Description

Peerless Saw is a 100% employee-owned manufacturing company celebrating its 91st year in business. We are searching for dependable & honest employees to collaborate with us in our manufacturing facility. We are laser cutting, heat treating, surface grinding, flattening, and machining steel in our Groveport, Ohio facility. Our primary product line is circular saw plate used in industrial wood, metal, and plastic cutting industries. We are currently hiring for positions to operate our surface grinding and deburring equipment on 2nd and 3rd shift.

Why work with Peerless Saw? Here are a few reasons:

- Profit sharing + employee ownership; your effort makes a difference and increases your income.
- Small company where you are an integral part of a team, not a number in a large firm.
- Excellent benefit package including medical insurance, dental insurance, 401(k) with match, profit sharing, employee stock ownership.
- Opportunity to work overtime with time-and-a-half or double-time pay once fully trained.
- Opportunity to earn more per hour within 2 months after successful completion of training.
- Stable company with a proven history of success spanning back to 1931.
- Average employee tenure of over 12 years. Learn and grow with us.

Responsibilities

Desired candidate will be someone eager to be effective, dependable, honest, and willing to do their part to continue our company's success.

- Ability to safely handle, lift, and move steel parts weighing 2 – 30 lbs
- Ability to stand for several hours at a time
- Have a solid grasp of basic math skills
- Ability to read and follow instructions
- Follow all company safety policies
